

(cont. from page 1) Widening work will continue throughout the I-29/35 corridor through 2010. We anticipate having some traffic across the new roadway and Bond Bridge by the end of December 2010. Roadway crews will continue to work alongside live traffic until the project is complete in July 2011. Please continue to drive safely and watch for road crews at work.

Safety on Parade

Amazingly, the kcICON Project entry won a third- place prize in the North Kansas City Snake Saturday Parade on March 13, 2010. While promoting the project’s “cone zone” and increased construction in 2010, the project was awarded a check for \$500 from the Snake Saturday Parade Committee. MoDOT graciously declined the prize money, but kept and framed the check and accompanying letter as a memento. Special thanks to Vocational Services Inc. for the work they did, adding labels to 2,200 bags of candy to hand out at the parade.

(Top) Michelle Zuck with Vocational Services Inc. adds labels to bags of candy corn, handed out at the NKC Snake Saturday Parade. “Cone Zone 2010” labels were affixed to 2,200 bags of candy.

(Bottom) MoDOT employee Tim Arnold and kcICON Community Relations Manager Jennifer Benefield pose by the MoDOT truck and trailer in the staging area prior to the NKC Snake Saturday Parade on March 13, 2010. The kcICON Project “Cone Zone” entry (with Bob and Betty Barrel) met with approval from the judges, and came in third-place in the Organizations category.
