Southbound Interstate 29/35 On-ramp from Armour Rd. to Close Monday *Old cloverleaf system eliminated as new ramps are built*

NORTH KANSAS CITY, MO – The southbound on-ramp to Interstate 29/35 from Armour Road will close the morning of Monday, July 27, 2009. A different configuration, including longer ramps, will replace the existing cloverleaf system. The detour will remain in place for approximately one year.

The signed detour will direct motorists from Armour Road to Linn Street. Motorists can access southbound Interstate 29/35 from Linn Street and 16th Avenue. To avoid significant delays along Armour Road, motorists should consider taking northbound Interstate 29/35 to access southbound Interstate 635 to southbound Interstate 35; or take Armour Road eastbound to southbound Interstate 435. A map with these suggested alternate routes is attached. This map can also be viewed online at http://www.kcicon.com/Storage/Downloads/pi.map.Linn_Alt_Detour_090715.jpg.

The \$245 million kcICON project will reconstruct/rehabilitate 4.7 miles of Interstate 29/35 from just north of Route 210/Armour Road in North Kansas City into the northeast corner of the downtown Kansas City, Mo. freeway loop. The project includes improving outdated interchanges and the construction of the Christopher S. Bond Bridge – a new landmark, cable-stay Missouri River Bridge. Additional information is available on the project's Web site: www.kcicon.com.
